Complimentary  
6/8/18 – 6/9/18

Welcome. Whether you are here to compete, coach or show your support during the Michigan Interscholastic Track and Field Summer Event, we want to have the parking information so you may plan ahead. Parking is as indicated and described June 8-9, 2018. Corresponding lot locations and numbers may be viewed at [maps.msu.edu](http://maps.msu.edu). It is suggested that you allow ample time for arrival.

You may have noticed that there are some lots that are numbered, but have not been indicated above for parking. Parking on campus is enforced throughout the year. These lots, as well as many lots on campus, are reserved for those with an MSU employee permit; therefore, are not included (**the exception is for those displaying a valid disability placard or plate - they may use a designated disability space within an employee lot without an employee permit**). There are meters near the residence halls that may be used for daily, temporary use (in operation 7am-midnight, no parking 2am-6am, max 1-hour payment at a time). Complimentary daily & overnight parking is located in Lots 15 & 83. Lot 83 is a couple blocks from Wilson Hall – there is a designated crossing area over the train tracks between Lot 83 and Trowbridge Road (near the green star).

Bus parking is indicated above. For BUS arrival and departure, CATA bus stops may be used for active unloading/loading. Staging, waiting or parking there is not allowed as driving lanes need to remain open for travel.
